Jap Trouble Seen by the Alarmists.

New York Papers Print Carefully Prepared Articles on Danger.

European Capitals Harboring Men Who Are Stirring up Conflict.

Mischief-Makers Do Harm to America in the Foreign Capitals.

NEW YORK, Jan. 5.—[Exclusive Dispatch.] Subterranean dangers of the Turks in the twelfth century were characterized by Samuel J. Barrows of New York as model institutions for the detention of criminals compared with the Harrison-street police station, Chicago. Dr. Barrows, who is the president of the International Prison Reform Association, expressed this opinion in an address before the City Club of Chicago. He followed it up by saying that next to the Harrison-street station, the worst prison he had observed in all of Continental Europe, is the West Chicago-avenue station. Dr. Barrows made a plea with the club for a reform movement by which men awaiting trial will be kept separate from those who have been convicted, and for employment and better treatment of those only detained for trial, the people whom the law presumes innocent until they are proved guilty.

"Here in Chicago," said Dr. Barrows, "a man's punishment begins as soon as he is arrested, even though he denies he has committed a crime, and the burden of proof is on the prosecution. Conditions are far better than this in Russia, the country where prison system seems to have gained an unenviable reputation, but which really is much better than many of those in the United States."

But when they are considered concretely they present quite a different study and they show that, no matter what may be the basis for the speculation, practically the entire foreign and metropolitan contingent is seriously thinking about the possibilities of a clash between the men who met the Russians and the men who have made America an enemy.

Most remarkable of these articles is one that the World carried. It stated that secret information had been received in Washington, confirmed by private advices in New York, that preparations for war were being made in the Far East. Backed by facts, such a story would command all of the first page space of any paper in the country.

FRANCE SEES WAR. That this story was stored away in a remote corner of the World's supplement and then lost in the shuffle before the regular run was on the streets, created confusion. Then came the story with a well-written article from Paris, reviewing the statement of the French papers and pointing out the possibilities in the orient. The trend of this article was that the people of France anticipate trouble. With carefully-expressed sentences, the writer has conveyed the undoubted impression that Europe is watching the American fleet with interest and with the profound belief that the beating heart of international affairs is at the very center of this fleet's operations.

Other articles that came Saturday from Europe indicate that the European capitals are harboring men who are making it a business to stir up conflict. The motive of these men is not stated, but the plain inference is that for purely selfish and mercenary motives, active emissaries are trying to bring about bloody strife between Japan and America. That a coterie of trouble makers is at work across the sea is the one common point upon which all of the writers agree.

Woman Companion of Evelyn's Mother Gets Significant Letter.

Warned not to Give Testimony at the Trial Under Pain of Death.

Second Ordeal of Slayer of Stanford White Will Begin Today.

PITTSBURGH (Pa.), Jan. 5.—[Exclusive Dispatch.] The woman who was with Evelyn Nesbit's mother in Paris when Harry Kendall Thaw and Evelyn were there, and who has since been in Africa studying Congo conditions and the monkey language today received the following letter from Philadelphia, written in French:

"Madame: We understand you are about to go to the trial of Harry Kendall Thaw, criminal, who destroyed a woman. If this be true and you speak against Harry Thaw your head will be ours. Beware, madame, that you do nothing in this matter for vengeance, because you are your own furnisher of money. Our vengeance will immediately follow any utterance by you against Harry Thaw. Do not think to escape, for we are many in number. We send you our salutation.

PADEREWSKI NEAR DEATH.

VALET CUTS MUSICIAN'S THROAT WHEN CAR IS JOLTED.

Accident Delays Concert—Pianist Unnerved for Two Hours—Glad Not Serious—Engine Bumps Private Coach Without Warning During Shaving Process.

Paderewski was being shaved by his valet on the train, or rather his private car, which had been detached from the train in the railroad yards here; when a switch engine bumped up against the car. The jolt sent the pianist into the musician's throat. By a fortunate accident, the valet turned it sufficiently to avoid a very deep cut, though considerable cuticle was removed.

An attempt was made to keep the accident secret. However, the fact that he was almost an hour late called for an explanation. The pianist reluctantly admitted that he had a narrow escape from death. According to the valet the car was moved to and fro without any notification to those inside.

Paderewski lost considerable blood, but no serious results are anticipated. The narrow escape so unnerved him that it was fully two hours before he could regain his composure sufficiently to leave his bed and appear at the hall, which he did with his throat in bandages. He would not permit his attendants to complete the shave so he appeared half shaved.

DENY BARON A PLACE TO WORK.

NOBLEMAN DISCHARGED BECAUSE OF HIS TITLE.

Earl of Athlone Tramps the Streets in St. Louis Three Months, Vainly Seeking Employment—Is Graduate of Bonn University and Was Captain in Boer Army.

The reason given for his discharge from this position was that the proprietor of the house desired a man who would remain in his employ. That was the last bit of work he could find, and now for three months he has tramped the streets searching for employment. He has applied for every kind of work from ditch digger to railroad clerk. Van Rode claims that the Irish title of Earl of Athlone descended from his great grandfather upon whom it was bestowed by William III. The title is of Dutch origin. There are no estates, he said, attached to either, but he cares less about this fact now than he does about getting a job. He enlisted in the Boer army while building a railroad in South Africa.

BROWNSON REBUKED.

President Discusses Naval Dispute.

Says Resignation of Admiral Was "Unseemly, Improper and Childish."

He Severely Rebukes Critics for Casting Discredit on the Service.

Rumor That Former Chief of Bureau Will Ask for Inquiry Court.

WASHINGTON, Jan. 5.—[Exclusive Dispatch.] President Roosevelt has made public two letters to the Secretary of the Navy, sent the Admiral Brownson controversy. The President, in the first letter "rebukes" Admiral Brownson. In the second letter he gives his reasons for putting a sailor in command of a naval vessel.

President Roosevelt says that Admiral Brownson's resignation was "unseemly, improper, childish." It was also, the President thinks, a "result of wounded vanity," and "disloyalty." He says there is room for a difference of opinion on the subject in dispute, but that the first duty of a naval officer is obedience of orders from his superior and that Admiral Brownson's disloyalty was shown by his preference to resign rather than to obey.

IN ANGER OF REBUKE. The President then refers to criticism of the construction of battleships and says that the critics evidently gained their information from naval officers. Such officers, he says "deserve a severe rebuke," as they "cast discredit on the service." Then the President asks a report from the Secretary of the Navy, particularly from Admiral Brownson, who was last April head of the bureau of navigation and for whom the President expresses a high regard. This letter is dated January 2.

THE REPORT OF ADMIRAL CONVERSE will not only be a defense of the present naval construction but will name all the officers who deserve "a severe rebuke" unless the President decides this information be put in a separate report.

COURT OF INQUIRY RUMOR. There was a report in Washington this afternoon that Admiral Brownson had asked for a court of inquiry to go into his resignation. Secretary McCall said tonight that no such request had been made.

Admiral Brownson went today to South Carolina for a shooting trip. The White House will not give out the Brownson letter of resignation it is announced tonight.

THE DEMOCRATS are said to have decided to introduce a resolution in the Senate this week asking for an investigation of the whole controversy and of the organization of the Navy Department. While admitting the probability of such action, Senator Culberson, the minority leader, declined to discuss the situation. He preferred to await the return of Senator Tillman, the senior minority member of the committee on naval affairs.

ACTUAL WORK BEGINS TODAY.

Congress Will Grapple With Reciprocity.

Currency to Occupy Leading Position.

Many Other Important Topics Scheduled.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 5.—(Exclusive Dispatch.) It is expected that agitation over the reciprocity question will occupy a good bit of the attention of Congress after the resumption of work tomorrow. The stand-patners are playing their cards to prevent action in the future as much as possible, and the high protective agencies have primed their Representatives in Congress with material for oratory. The defense, however, is exceedingly fortified and will be likely to take care of itself with credit.

Among the other matters that will occupy attention from now on aside from currency legislation—a comprehensive measure for emergency currency is expected from the Senate Committee on Finance in the near future and on lines heretofore outlined—some of far-reaching importance.

IMPORTANT MATTERS.
Public land matters, campaign contributions, the Brownsville report, the Philippine tariff bill, ship subsidy matters and Federal grain inspection will be leading subjects for consideration. Echoes of the spread of prohibition sentiment will be felt in Congress in the demand for legislation that will give the States control of liquor in original packages entering their borders in the process of interstate commerce.

Navy matters will be to the front, but aside from the quarrels over navy administration there will be debate over the measure for four new battleships.

In the way of army legislation, two important bills are believed to stand a good show of passage. These are the bill to strengthen the medical corps and the bill to increase pay with some modifications.

JAP QUESTION.

There may be some warm discussion over the Japanese question, although it is believed that the government and the knowledge that the government of Japan intends to enforce its power to stop undesirable immigration to this country, and that it is taking action such as legislation looking to exclusion on the part of this government. The hotbeds will be in the minority.

A very important bill will be introduced in the House tomorrow by Representative William F. Dwyer of California. It will provide for the creation of a bureau of mines and mining, to be under the direction of the Secretary of the Interior. This bureau, if established, will deal with the

PRESIDENT PREPARES EQUITATION EXHIBIT.

Congress to Be Given Object Lesson as to the Superiority of Europeans Over Americans in Horsemanship in the Army.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 5.—Thirteen photographs from an illustrated album of the riding exploits in horsemanship, form the unique exhibit sent to Congress by direction of the President to accompany recommendations from himself for the chief of staff for the betterment of riding in the army. These pictures are intended to show how far ahead of American military men are Europeans in the art of equitation.

One of the most thrilling pictures represents an Italian cavalryman riding over a twenty-foot perpendicular cliff, the photograph being taken in a series to illustrate the sagacity of the horse and the skill of the rider in maintaining a poise while the center of gravity in different stages of the descent.

There are pictures of German student officers, apparently leading from hill to hill, of fat majordomo and lieutenant colonels of the cavalry, going through hogs and swamps, over hedges, riding the famous drag hunt of the German army, and stirring pictures of the hounds in full cry on bear hunts.

The official committee on the exhibit consists of a letter from the President to the Secretary of War on December 30, requesting him to secure legislation to establish remount depots in the army.

Both of these measures are essential to the improvement of horsemanship in the army.

Another letter from the President to the chairman of the House Committee on Military Affairs, transmits a report from Maj.-Gen. Bell, chief of staff, explaining the photographs, the President saying:

"The field officers of our army cannot be held exclusively responsible for the poor riding which has been frequently observed among them. The quality of our horses does not equal that of mounts used in foreign armies. Furthermore though all infantry, cavalry and European armies are mounted, an infantry officer in our service has little opportunity to practice riding until he becomes a field officer."

IN FOREIGN ARMIES.

Gen. Bell prefaces his report by quoting a note from the President referring to "a number of press comments, apparently inspired by the impression that such a test (riding ability) was something extraordinary and unheard of," and requesting him to state the requirements in foreign armies in this respect.

Speaking generally, the report shows that in Europe all mounted officers of every grade shall keep themselves and their mounts in fit condition for instant war, and most of them maintain schools where student officers are constantly under instruction in horsemanship. Moreover, the conditions of European service are so different from our own that the daily work of nearly all mounted officers is performed under

question of preserving life in connection with the riding industry, and is inspired no doubt by the appalling list of casualties that have occurred recently in American riding. It is proposed to provide radical regulations, if need be, to prevent these mine accidents to the fullest extent possible.

HOUSE WILL HOLD LOTTERY.

UNIQUE PROCEEDING FOR PROGRAMME FOR THURSDAY.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 5.—A unique feature of the week's proceedings in the House of Representatives will be the assignment to members, by lottery, of rooms in the \$9,000,000 House office building, not about completed.

The drawing will be held on Thursday, Jan. 9, immediately after the reading of the Journal. Three hundred and thirty-three members, consecutive numbers from one to 333, will be placed in a box, and as the lottery is drawn out by a blindfolded clerk, and handed to the reading clerk, its number will be announced. The member whose number on a prepared list will come forward to the Senate Committee on Finance in the near future and on lines heretofore outlined—some of far-reaching importance.

Financiers Have Hope of a Better Year.

Some Anxiety Felt Over the Late Crisis.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Jan. 5.—The opening of the new year does not reflect in the financial markets to turn from the contemplation of mournful yesterday, and to look forward with hope and confidence in the future. The conviction is firmly based that the improvement is ahead, but this conviction has been tempered by some anxiety over a possible remnant of unpleasant consequences of the financial crisis yet to be gone through.

CHICAGO, Jan. 5.—(Exclusive Dispatch.) Mystery surrounds the death of Lyman W. Barber, aged 60, yesterday, of the Standard City Trust Company, whose body was found badly mangled on the tracks of the South Side Elevated Road at Twenty-sixth street this morning. The police believe the death was due to an accident, but J. C. Barber, president of the company, and brother, is not satisfied and is conducting an investigation. A curious coincidence lies in the fact that only a few hours before the body was found relatives of Mr. Barber's divorced wife, now Mrs. Ryan of El Paso, Tex., were at a newspaper office looking up the files which contain an account of Barber's divorce proceedings in 1902.

HONORED IN DEATH.
CHICAGO, Jan. 5.—(Exclusive Dispatch.) Without ostentation, but impressive through the tribute paid his memory by men prominent in the medical profession, in military and civil life, by their presence the funeral service for Dr. Nicholas Senn, was held this afternoon at the family home, No. 532 Dearborn avenue. Dr. Senn was buried in his full uniform of Surgeon General of the Illinois National Guards.

IN FOREIGN ARMIES.
Gen. Bell prefaces his report by quoting a note from the President referring to "a number of press comments, apparently inspired by the impression that such a test (riding ability) was something extraordinary and unheard of," and requesting him to state the requirements in foreign armies in this respect.

Speaking generally, the report shows that in Europe all mounted officers of every grade shall keep themselves and their mounts in fit condition for instant war, and most of them maintain schools where student officers are constantly under instruction in horsemanship. Moreover, the conditions of European service are so different from our own that the daily work of nearly all mounted officers is performed under

question of preserving life in connection with the riding industry, and is inspired no doubt by the appalling list of casualties that have occurred recently in American riding. It is proposed to provide radical regulations, if need be, to prevent these mine accidents to the fullest extent possible.

HOUSE WILL HOLD LOTTERY.
UNIQUE PROCEEDING FOR PROGRAMME FOR THURSDAY.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, Jan. 5.—A unique feature of the week's proceedings in the House of Representatives will be the assignment to members, by lottery, of rooms in the \$9,000,000 House office building, not about completed.

The drawing will be held on Thursday, Jan. 9, immediately after the reading of the Journal. Three hundred and thirty-three members, consecutive numbers from one to 333, will be placed in a box, and as the lottery is drawn out by a blindfolded clerk, and handed to the reading clerk, its number will be announced. The member whose number on a prepared list will come forward to the Senate Committee on Finance in the near future and on lines heretofore outlined—some of far-reaching importance.

IMPORTANT MATTERS.
Public land matters, campaign contributions, the Brownsville report, the Philippine tariff bill, ship subsidy matters and Federal grain inspection will be leading subjects for consideration. Echoes of the spread of prohibition sentiment will be felt in Congress in the demand for legislation that will give the States control of liquor in original packages entering their borders in the process of interstate commerce.

Navy matters will be to the front, but aside from the quarrels over navy administration there will be debate over the measure for four new battleships.

NEW YORK, Jan. 5.—The opening of the new year does not reflect in the financial markets to turn from the contemplation of mournful yesterday, and to look forward with hope and confidence in the future. The conviction is firmly based that the improvement is ahead, but this conviction has been tempered by some anxiety over a possible remnant of unpleasant consequences of the financial crisis yet to be gone through.

CAWSTON OSTRICH FARM Over 100 Gigantic Birds—All Ages

HORRIBLY MANGLED BY A HOLLYWOOD CAR.

Miss May Duffy, Mrs. W. A. Clark's Maid, Fatally Injured While Riding Along Sunset Boulevard. Her Thoroughbred Horse Killed.

MAY DUFFY, employed as a maid next car and taken to the Sisters' Hospital.

On examination her poor body was found to be shattered and broken. Her right arm was broken and the flesh of her right leg had been caught and ripped open by some iron projection on the car. She was found to have suffered concussion of the brain by some terrible blow to the forehead and her face was a mass of black and blue bruises.

When taken from his cell at the City Jail yesterday afternoon, his nerve failed him and he confessed to a career which brands him as one who would commit murder on the slightest provocation.

Three times, Fletcher has served terms for assaults with intent to kill. The fourth sentence was for burglary, for which he spent five years in San Quentin. He says he has been arrested a score of times by Los Angeles detectives.

But this man who once dared anything is now a pitiful, cowering thing, whining for mercy. The sight of iron bars has taken the heart out of him.

From San Diego, where he had been for six weeks, Fletcher sent his way to this city and was captured on the night of his arrival. He states he intended to go on to San Francisco.

The prisoner was born in St. Louis. His father and mother are dead, and his only near relative is a sister, Mrs. M. Manick of Sacramento. The police of the larger cities of California know him well, he says, that he has been obliged to live in the country since coming out of San Quentin, a year ago.

Before he was of age, he committed his first crime. In a fight at Yuma, Cal., he beat a man into insensibility with a rock and left him for dead. For this he spent three years in Folsom.

His next offense, committed in San Francisco, was stabbing a bartender. When liberated he went to work in the sugar factory at Oxnard, but soon there was another knife fight, resulting in a sentence of eighteen months in Folsom. By this time he had become a confirmed criminal, he says.

Burglary became his specialty. With two companions, he engaged in a "job" at Ventura. The others escaped, but he served five years more in prison. Even in duress he was not in prison. He was sent out with the "road gang," obtained "dope" for fellow prisoners, and was sentenced to 120 hours in a strait-jacket.

"I treated me like a dog at San Quentin," he says. "They put me in a strait-jacket, stopped the circulation of blood and made me a cripple. I'll get even some day with those fellows who did that to me. They'd fix me for it. You bet they did it proper."

Of the Los Angeles police the prisoner said: "The detectives in this town knock me all the time. They are trying to hold me for something, they don't know anything about it. They can't make me serve time for anything but vagrancy and the best they can give me is six months. When I get out of jail here, I'm going to San Francisco. That's a decent town for a fellow to live in. They treat you right there."

BLACKMAIL ALLEGED.
Tony Schiro, who was arrested in Santa Cruz Friday, was brought to this city yesterday. He will be taken to Chicago where he is wanted on a charge of blackmail. It is stated that he demanded \$500 from John Costello, and when it was refused, threatened to blow up the man's home. Schiro jumped a \$1000 bail bond.

TAKES HORSE AND BUGGY.
Ralph Snyder was arrested last night at Twenty-first and Hoover streets while driving a horse and buggy which he had taken from in front of the Auditorium, and which belonged to Dr. William P. Keane. Snyder said he simply wanted a ride. He will be charged with grand larceny.

NO INSURANCE.
A defective fire caused a fire in the residence of S. W. Clark at No. 1538 Balboa street, last night, which resulted in a loss of \$250. The house was practically destroyed and part of the contents. There was no insurance.

SEEKS MISSING BOY.
S. S. Rankin of No. 615 Workman street reported to the police last night that his son, Edison, aged 10 years, had been missing from home since December 25. When the lad left home he said that he was going to Chicago. His father has not heard from him and is anxious to learn his whereabouts.

LABORER MISSING.
L. B. Caldwell of No. 314 Gladys street reported to the police last night that his wife, Caldwell, left home on January 2. Caldwell is a laborer and for some time has been out of employment.

OBITUARY.
Mrs. Marian L. M. Whitney, nee O'Leary, died at her home, 1540 S. Main street, yesterday. She was 75 years old. Mrs. Whitney was the widow of the late Charles A. Whitney, and she belonged to a distinguished branch of the Morgan, Louisiana and Texas railroad now one of the principal lines in the Southern Pacific.

GOVERNOR'S STAFF GOING.
Gov. Gillett will not be able to attend the unveiling of the monument to the Bennington dead at San Diego Tuesday afternoon. He has telegraphed his regrets, and has sent a personal request to the members of his staff in Los Angeles asking them to be present. The following members of the executive staff will leave tonight for San Diego: Col. Frank M. Chapman, Col. E. J. Connelley, Col. H. D. Leonard, Col. George K. Pillsbury, Col. Rufus H. Johnson, Col. Charles L. Hartwell and Col. G. C. Van Nostrand.

The survivors of the Bennington disaster who live in Los Angeles will be the guests of the Governor's party. They are L. K. Strobel of the firm of Strobel & Lewis, and R. Grubbs. Both Strobel and Grubbs were injured when the vessel's boilers exploded in San Diego harbor.

TIPS ROYALLY LIBERAL.

Young Man's Father Thinks He's Conquering on Rough While He's Seeing Life Here.

R. E. Waring, who says he took unceremonious leave of a Texas ranch, where he had been "planted" by his father, who is reputed to be a wealthy New Yorker, is creating a stir in the local crowd. When he arrived at a down-town hotel he deposited a heavy bag of gold with the clerk. "Just keep that for me, and I'll do as I please," he remarked. "The governor thinks I am herding cattle on the windy plains," he added. "I am letting him think so." Waring is a slender, well-dressed and public chauffeur, for his tips are royal in their munificence.

DANGEROUS.
ELOQUENT STORY OF HIS CRIMES.

PENALTIES AGGREGATE TWELVE YEARS IN PRISON.

Desperate Fellow Three Times Convicted of Attempts to Kill—Now in City Jail on Vagrancy Charge. Brutal Record Begins Here He is of Age.

Thomas Fletcher, who was arrested on Arcadia street Saturday night on a charge of vagrancy, by his own admission a desperate criminal. He is 35 years old and says that eleven years and eight months of his life have been spent at Folsom and San Quentin prisons.

When arrested Fletcher was hobbling along on crutches, but when these were taken from him at Central Station, he was able to walk without assistance.

When taken from his cell at the City Jail yesterday afternoon, his nerve failed him and he confessed to a career which brands him as one who would commit murder on the slightest provocation.

Three times, Fletcher has served terms for assaults with intent to kill. The fourth sentence was for burglary, for which he spent five years in San Quentin. He says he has been arrested a score of times by Los Angeles detectives.

Burglary became his specialty. With two companions, he engaged in a "job" at Ventura. The others escaped, but he served five years more in prison. Even in duress he was not in prison. He was sent out with the "road gang," obtained "dope" for fellow prisoners, and was sentenced to 120 hours in a strait-jacket.

"I treated me like a dog at San Quentin," he says. "They put me in a strait-jacket, stopped the circulation of blood and made me a cripple. I'll get even some day with those fellows who did that to me. They'd fix me for it. You bet they did it proper."

Of the Los Angeles police the prisoner said: "The detectives in this town knock me all the time. They are trying to hold me for something, they don't know anything about it. They can't make me serve time for anything but vagrancy and the best they can give me is six months. When I get out of jail here, I'm going to San Francisco. That's a decent town for a fellow to live in. They treat you right there."

BLACKMAIL ALLEGED.
Tony Schiro, who was arrested in Santa Cruz Friday, was brought to this city yesterday. He will be taken to Chicago where he is wanted on a charge of blackmail. It is stated that he demanded \$500 from John Costello, and when it was refused, threatened to blow up the man's home. Schiro jumped a \$1000 bail bond.

TAKES HORSE AND BUGGY.
Ralph Snyder was arrested last night at Twenty-first and Hoover streets while driving a horse and buggy which he had taken from in front of the Auditorium, and which belonged to Dr. William P. Keane. Snyder said he simply wanted a ride. He will be charged with grand larceny.

NO INSURANCE.
A defective fire caused a fire in the residence of S. W. Clark at No. 1538 Balboa street, last night, which resulted in a loss of \$250. The house was practically destroyed and part of the contents. There was no insurance.

SEEKS MISSING BOY.
S. S. Rankin of No. 615 Workman street reported to the police last night that his son, Edison, aged 10 years, had been missing from home since December 25. When the lad left home he said that he was going to Chicago. His father has not heard from him and is anxious to learn his whereabouts.

LABORER MISSING.
L. B. Caldwell of No. 314 Gladys street reported to the police last night that his wife, Caldwell, left home on January 2. Caldwell is a laborer and for some time has been out of employment.

OBITUARY.
Mrs. Marian L. M. Whitney, nee O'Leary, died at her home, 1540 S. Main street, yesterday. She was 75 years old. Mrs. Whitney was the widow of the late Charles A. Whitney, and she belonged to a distinguished branch of the Morgan, Louisiana and Texas railroad now one of the principal lines in the Southern Pacific.

GOVERNOR'S STAFF GOING.
Gov. Gillett will not be able to attend the unveiling of the monument to the Bennington dead at San Diego Tuesday afternoon. He has telegraphed his regrets, and has sent a personal request to the members of his staff in Los Angeles asking them to be present. The following members of the executive staff will leave tonight for San Diego: Col. Frank M. Chapman, Col. E. J. Connelley, Col. H. D. Leonard, Col. George K. Pillsbury, Col. Rufus H. Johnson, Col. Charles L. Hartwell and Col. G. C. Van Nostrand.

The survivors of the Bennington disaster who live in Los Angeles will be the guests of the Governor's party. They are L. K. Strobel of the firm of Strobel & Lewis, and R. Grubbs. Both Strobel and Grubbs were injured when the vessel's boilers exploded in San Diego harbor.

OLDER MUST COME SOUTH.

Case Against San Francisco Editor to Be Called in Court Today.

Frederic Older, editor of the San Francisco Bulletin, will have to come to Los Angeles, after all, to be examined for criminal libel.

The date of his hearing will be selected by Justice Summerfield today, and will probably occur some day toward the end of the week. The prosecution will insist upon an early date.

The transfer of the scene of the legal fight to this end of the State is due to the recent decision of the San Francisco Superior Court in the application of Older's attorneys for a writ of prohibition. He sought to throw the case out of Justice Summerfield's court on the ground of lack of jurisdiction. Although it was stated in the criminal complaint that Luther Brown, the complaining witness, lives in Los Angeles, Older's lawyers contended that the statement was made merely as a "recital and not as a pleading."

The court has now ruled against him for the reason that he has a speedy and adequate remedy in the law in an appeal if he thinks the jurisdiction wrongfully set up.

Although Older will be notified as a matter of courtesy of the setting of the case, the prosecution is under no necessity to do so, it being his business as a defendant out on bonds to keep posted.

D. C. McGavin, Esq., and J. W. McKinley, Esq., will assist the prosecution, and Hunsaker & Britt will probably defend Older.

The charge against Older grows out of a lurid account published in the Bulletin, in which Luther Brown was charged with making a tipsy round of the roadhouses with some frail females. It seems that there was more than one Mr. Brown in San Francisco at that time, and the Bulletin got the wrong Mr. Brown.

WANTED ON SERIOUS CHARGE.
Race Track Toss, Accused of Robbing Companions, Is Taken to Oakland for Trial.

Richard Kennedy, who is wanted in Oakland on a charge of grand larceny, was taken North last night by a deputy sheriff of Alameda county. Kennedy is accused of having chloroformed and robbed Walter Lack, and a man named Monte at the Emeryville race track in Oakland late in October. He was arrested at the Arcadia race track by Marshal Berde on information sent out by George P. McNeil, owner of the stable in which the crime was committed.

When arrested, Kennedy was placed in the small jail at Arcadia and later permitted the amount of the principal is reduced 25 per cent, after the first three years, and 50 per cent, in a little over five years, so that the security of its loans is continually enhancing in value when compared with the amount due on the loan.

ALL ITS LOANS ARE SECURED BY DEED OF TRUST AND ALL ARE A FIRST LIE ON THE PROPERTY COVERED. It has been in business 18 years and has loaned millions of dollars in that time. That these loans have been carefully made is evidenced by the fact that it has no real estate on its books.

THIS ASSOCIATION PAYS 5 PER CENT. ON 6 MONTHS' TERM AND 6 PER CENT. ON 1 YEAR'S TERM, and only requires 30 days' withdrawal notice. No checking accounts kept.

In the 18 years of its existence it has never failed to meet all demands when due, and has repaid its investors in that time over \$3,000,000.

HELIQUE SUES BONI.
PARIS, Jan. 3.—In fulfillment of his intention, announced on Friday, Prince Helique de Sagan has filed suit on the ground of assault against Count Boni de Castellane in the criminal court, asking one franc damages and the action will be taken up before the court on January 21.

THE STATE MUTUAL BUILDING AND LOAN ASSOCIATION is the only building and loan association in Southern California that has a permanent guarantee capital similar to that of a Savings Bank.

THIS ASSOCIATION LOANS ONLY ON IMPROVED REAL ESTATE AND ON ITS ORDINARY STOCK. It makes no loans on its guarantee capital stock. It is prohibited from making loans on real estate to any of its Directors.

IT MAKES ITS LOANS ALMOST ENTIRELY ON THE HOMES OF ITS BORROWERS, and on all loans collects monthly the interest and an installment of the principal. Upon the smallest monthly payment permitted the amount of the principal is reduced 25 per cent, after the first three years, and 50 per cent, in a little over five years, so that the security of its loans is continually enhancing in value when compared with the amount due on the loan.

ALL ITS LOANS ARE SECURED BY DEED OF TRUST AND ALL ARE A FIRST LIE ON THE PROPERTY COVERED. It has been in business 18 years and has loaned millions of dollars in that time. That these loans have been carefully made is evidenced by the fact that it has no real estate on its books.

THIS ASSOCIATION PAYS 5 PER CENT. ON 6 MONTHS' TERM AND 6 PER CENT. ON 1 YEAR'S TERM, and only requires 30 days' withdrawal notice. No checking accounts kept.

In the 18 years of its existence it has never failed to meet all demands when due, and has repaid its investors in that time over \$3,000,000.

UNIVERSITY.

Delightful was the "at home" given Saturday afternoon and evening by members of the Entre Nous sorority of U.C.S. The reception was the first given in the new frat house recently opened at the corner of Thirty-second and Key West streets. The festivities commenced in the afternoon when the girls received in honor of the faculty and invited friends. Toward evening groups of jolly collegians began to appear, and the real fun began. Each student, as he or she arrived was escorted to the fireplace, and seated in building the first fire. A moving picture machine later furnished considerable amusement for the company. A large number of guests were present. The patronesses were Misses George F. Howard, A. B. Armstrong, and A. J. Wallace. The hostesses were Misses Genevieve Buchanan, Evelyn Day, Grace Nuffer, Cassie Hazard, Flora Robinson, Francis Mitchell, Ella Whelan, J. H. McBride, Josephine Speicher, Mabel Vale, Nellie Vale, Nettie Chalmers, Sadie Bridges, Eugenia Montgomery, Olive Sullivan, Clara Keller, Freda Russell, Una Kuster, Cretchen Hensel, Eda Howard, Lina Chadwick, Laura Woodhead.

One of the most charming functions of the week was the Phi Kappa Sigma ball given in Kramer's Friday evening. More than 200 invitations were issued. Prominent women who assisted in the affair were Dr. Elizabeth Follansbee and Misses, Walter Jarvis Barlow, Geo. H. Kross, Harris B. Garcelon, P. C. Pahl, W. R. Melony, F. M. Pottenger, Norman Bridge, Hill Hastings, W. W. Beckett, J. H. Harvey L. Leathers were married at the Highland Park Presbyterian Church yesterday, by the pastor, Rev. W. B. Gault. Mr. and Mrs. Leathers will remain in Los Angeles. The J. N. S. Club and its friends were entertained at the home of the Misses Gault on East Avenue 53, New Year's Eve. Among the guests were Misses Chamberlain, Wilson, Short, Hackett, Arnold Baker, Benham, Clapp, Grant, Shillito, and Messrs. McDowell, Dickey, Kellors, Bird, Garth, Irwin, Elton, Patterson and Farise.

Mrs. W. A. Roberts will entertain the Woman's Foreign Missionary Society of the Highland Park Presbyterian Church, at her home on Monte Vista street, on Thursday afternoon. Mr. and Mrs. Fred Harris of Tacoma, Wash., are visiting the home of Maj. and Mrs. J. B. Pound on Pasadena avenue.

E. B. Rush and family have moved to a ranch near Whittier. Mr. and Mrs. E. H. Staggs of Monte Vista street have visiting them Mrs. and Miss Blackburn, from Duquoin, Ill.

Mr. and Mrs. P. E. Leichinger have moved to Alhambra. Mrs. Sarah E. and the Misses Clemons, recently of East Avenue 55, have moved to Long Beach.

The installation of officers of the Highland Park Lodge, I.O.O.F., for the current year, will take place Tuesday evening.

President John Willis Paer of Occident College has received formal authority from London to arrange for the Rhodes scholarship examinations, to be held at the University of California, at Stanford, and at Occident College.

Prof. J. M. Quinn of Monte Vista street delivered a lecture Monday afternoon on "The Spanish and Mexican Rule," at Sierra Madre, before the women's clubs of that place and at Occident College.

On New Year's Day, Mrs. Caroline Schultz died at her home, a Marion street. Mrs. Schultz was a member of the Highland Park Methodist Church. She leaves five children.

There have been three marriages in the city in the last few days. On Wednesday evening C. V. W. and Miss Carolyn Wygal of Los Angeles were married. They are to be married in a few days for Tucson. GETTING BUSY.
BIG FIGHTERS
BEGIN WORK.Longford and Barry Now
Getting Into Shape.Joe Thomas Also Starts for
Match With Twin.Sharkey and Kid McCoy May
Re-enter the Ring.

Sam Langford certainly thinks well of big Jim Barry, whom he is to fight at the Pacific Athletic Club on the night of January 14, for the black fighter began his active training work yesterday at the pavilion and will keep at it every day. He worked at the pulleys and bag for ten minutes each and then boxed with Kid Wilson, Scott Johnson and Charley Almsinger for three rounds each. He will begin his road work this morning and this will consist of about four miles, walking two miles to Boyle Heights and running back to his training quarters. He weighs now about 162 pounds and although he will fight Barry at catch

Martin Hart, who was beaten in Los Angeles and Tonopah by Tommy Burns and Mike Shreck, has sold out his plumbing business in Louisville, and wants to re-enter the ring. It is expected he will be given a fight at Hot Springs with John Wille about February 1.

Joe Walcott, ex-champion welterweight, will fight Jimmy Gardner at the new Armory Athletic Club in Boston tomorrow night.

Matty Baldwin, who is having no trouble apparently in beating all the best boys of his weight around New York and Philadelphia, is to fight Kid Goodman at Chelsea, Mass., next Friday night. Tommy Murphy will meet Bert Kays at the Sharkey Athletic Club in New York on January 23.

Owen Moran, who fought Attoll at Philadelphia on January 15, George La Blanche, the once famous Marine, who beat Jack Dempsey, is trying to get into the game again. Jack Skelley, the retired fighter, who beat Ike Weir, boys when he was in his prime, is to open a big fight club at Yonkers, N. Y., on Washington's Birthday.

A great many local sports stopped at Greenwald's cigar store yesterday to view a bar of metal, said to be silver, which a card states will be given to the winner of the Langford-Barry match. The staff is said to be from the King Silver company of Fairview, N. Y. Johnny Riley, a little pug of some note, has just returned from Seattle and is looking for trouble. He weighs about 135 pounds and says he will have no one at that weight.

MAKE GOOD.
RANGERS PLAY
STRONG GAMEAssociation Team Wins Very
Close Soccer Match.Elliott, Crack Rugby Player,
Is Bright Star.Football League Will Soon
Be Created.

Playing their first game yesterday afternoon, the Rangers, Los Angeles' newest soccer team, made a great showing, and held the Los Angeles Association eleven down to a 1-to-0 score, at Pieta Park. The ten bars field has been scraped off the field, and on the hard surface remaining, the ball moved true to the calculations of the players, and the result was that one of the prettiest games of the season was witnessed by the crowd of 200 enthusiasts.

The playing of Elliott, center forward on the English team, was the sensation of the afternoon. He is a giant in stature, and was the fastest man on the field. His brilliant rushes toward the Rangers' goal, and his accurate kicking, fully supported his reputation as a crack player in San Francisco. He has located in Los Angeles, and will play regularly with the Los Angeles Association eleven.

Sellers and York, on the left wing, repeated their passing rushes of former games, and with Elliott to shoot the ball between the posts, the Englishmen rolled up the best score they have made this year. Featherston, goal keeper for the Rangers, saved several times by his clever work, and thus kept the points down.

Pat Higgins played a hard game as halfback, and broke up several Ranger rushes, which threatened to end in scores. Capt. Constable and Barwell also played a strong game.

Allardie, inside left forward for the Rangers played the best game on the new team, and Todd, left fullback, also played a good defensive game, while Featherston's goal keeping was the means of saving several goals.

The Rangers played an even game with the association team in the second half. At half-time the score was 4 to 1, and each side made one more point in the second forty-five minutes of play.

ELLIOTT COUNTS.
Elliott scored the first goal, with a swift dribbling rush down the left wing, and a quick shot into the goal. The Rangers soon became the aggressors, and rushed the Los Angeles goal for ten minutes, but were unable to score. Getting clear with the ball, the English forwards worked it down the field, but Elliott missed the goal. On the throw-out the ball was again directed at the goal, but Featherston made a neat save. York scored after the next throw-out. Score, 2 to 0.

Elliott scored the third point by another fast rush down the field, in which he outsped the Ranger backs, and kicked the goal.

The Rangers scored their single tally in this half at this juncture, with forward rush, in which they bunched and charged the ball into the goal, knocking the keeper down. Their score in the second half was made in much the same manner.

Sellers scored the next point for the Englishmen, after the forwards had cleared and taken the ball to the side lines. He made a long shot at the net, and the ball bounced in for a point. The Rangers were the aggressors, and Elliott shot the goal. Score, 4 to 1.

Each side scored once in the second half. The Rangers started with a rush, but Elliott carried the ball out of danger, and saved the goal. The Rangers got the try for a goal. The Ranger backs got the ball out, but a long shot was easily saved. The Englishmen quickly got back out of their territory, and secured a corner. The Rangers again took it down to the opposite end of the field, but missed a long shot. The Rangers were the aggressors, and Elliott shot the goal. Score, 5 to 1.

Los Angeles pressed the Ranger goal, getting a corner. From this, Elliott scored a goal, but it was not allowed because of an off-side play. Again the Rangers took the ball away from their goal, but York dribbled it back, and Elliott shot the goal. Score, 5 to 1.

Elliott made another rush at the Ranger posts, but missed his kick, and the Rangers carried it down to the Los Angeles goal. They bunched and rushed, but the ball went over the line, wide of its mark. On the throw-in, a goal was saved, but Constable got out of his position and the ball was rushed in for a point. Score, 5 to 2.

The line-up:
Rangers: Constable (c), L.B. Todd, Pat Higgins, Bouchard, Constable (c), Chubb, Gerrard (c), Barwell, L.B. J. Todd, Lane, r.h.b. Finlayson, Webb, o.r. McCubben, Brickley, i.r. Shepherd, Sellers, c.l. Ball, York, c.l. Allardie, Elliott, c.l. Love, Cohen, referee; Bowen and Humphrey, line-men.

The secretaries of each club, with two delegates, will meet at Mammoth Hall Wednesday night to organize a soccer league. The Rangers and Thistles will play at Pieta Park next Sunday.

New Tennis Club.
The San Bernardino Tennis Club has been organized among the tennis enthusiasts of that city, and a long lease has been taken on grounds at the southeast corner of Court and F streets, on which a court will be located. Money is being raised to purchase paraphernalia and put the court in first-class condition, and plans are being made for a tennis tournament during the winter. Some of the best tennis players of San Bernardino locality are associated with the movement.

Former Jockey Fined.
It is reported from New Orleans that Monk Coburn, a once-noted California jockey, has been arrested in the southern city on the charge of running a get-rich-quick concern.

GREAT SPORT.
MANY DUCKS
SHOT SUNDAY.

SEVEN CLUBS REPORT ABUNDANCE OF ALL VARIETIES.

Spring, Widgeon and Spoonies Show up in Force at Few of the Shores, but Teal Predominate. Squad at Pacific Manages to Bag Four Limits With Five Guns.

A continuation of the fine weather and the presence of thousands of ducks of all kinds, brought joy to the hearts of the hunters yesterday on the various preserves and the Sunday squads that reported, have good stories of big bags and all the ducks that any man would care to shoot at. There are plenty of teal and spoonies and several of the club found many big birds.

There were ten guns on the Recreation and they bagged from twenty to thirty-five each. The hunters were Ed. Straub, J. A. C. Crawford, Mayor G. M. Jones of Ocean Park, A. E. Messerly, Dr. Porter of Ocean Park, and a guest, and W. E. Burke.

At the Del Rey, there were H. W. Keller, Joe Banning, Jr., A. R. Malnes, Percy Schumacher, Willard Stinson and son, George Barry and E. L. Ingraham and each one shot from twenty-five to thirty-five.

On the Pacific bay, out five men in 20 Tufts, W. H. Holmes, P. M. Notman, Frank Schumacher and Charles Ruggie, and all got the limit, except Ruggie, who shot seventeen. The birds were mostly teal and spoonies.

There were six hunters on the Centennial side, and they bagged from twenty to thirty-five each. The hunters were Ed. Straub, J. A. C. Crawford, Mayor G. M. Jones of Ocean Park, A. E. Messerly, Dr. Porter of Ocean Park, and a guest, and W. E. Burke.

SINGER WINS MEDAL.
Well-Known Expert Has No Trouble
Finishing First in Turners
Monthly Rifle Shoot.

Owing to the fact that a number of the Turners were hunting ducks yesterday, there was but a small attendance at the regular monthly rifle practice at Schumann Park. Weather conditions and the light were good, but a number of the marksmen seemed to have an off day. Joe Singer won the champion medal and the medals of the four classes were taken by Mr. Pittmann, Charles Krempel, John Wiedenbeck and A. Mass.

The scores in full were as follows: Joe Singer 297, William Erick 264, Mr. Pittmann 244, Charles Krempel 153, O. Pachmeyer 135, John Wiedenbeck 135, A. Mass 133 and Frank Huebner 143.

GOOD NEWS.
TO GIVE WORK
TO THOUSANDS.

MANY MILLS WILL REOPEN ON JANUARY THIRTEENTH.

Employees in and About St. Louis Rejoice at Prospect of an Opportunity for Earning Their Living After Shut-down Caused by National Financial Depression.

BY DIRECT WIRE TO THE TIMES.
ST. LOUIS, Jan. 18.—[Exclusive Dispatch.] January thirteen will be a lucky day for thousands of mill workers and their families, as many of the smaller Illinois towns adjacent to this city. Announcement was made today that seven of the big steel plants and rolling mills will resume operations on that day and that about six thousand men who have been thrown out of work because of the financial depression will return to work for full time.

In Granite City, Ill., several of the largest plants in this section have been closed for weeks. All these are now preparing to resume activities in full force. Mr. W. H. Nienhaus, manager of the National Enameling and Stamping Works at Granite City, said tonight that his plant has enough work in sight to insure steady employment at full time until the usual summer vacation in July. The stamping works employ 300 men.

The rolling mill department of the same concern will open at the same time, and its superintendent declares that while the entire force will not be put to work immediately, more than half will find employment now and he expects within a week or two after the new morning and the full force of 1500 men will be at work a week from tomorrow.

The plant of the American Steel Company will put on extra men tomorrow and by the thirteenth its full force will be at work. Practically half the old number of employees of the Republic Iron and Steel Works of East St. Louis, will return to work tomorrow morning and the full force of 1500 men will be at work a week from tomorrow.

DECISIONS ON CANAL LOCKS.
WASHINGTON, Jan. 18.—By unanimous decision the Isthmian Canal Commission will recommend to the Secretary of War that the locks be constructed at their projected width, namely, 100 feet, holding that this will be ample for all commercial shipping for years to come.

If, however, it is the judgment of the Navy Department and of the President that the proposed width be increased to 110 feet, this can be done at reasonable cost, and it is believed without danger to the structural weakness of the locks.

The suggestion for increased width originated with the Navy Department, where among some of the officials the opinion prevails that this may be necessary to meet naval developments in increased beams of warships of the future.

EVIDENCE THAT CARRIES CONVICTION.
FOR the five Sundays in December, The Times printed 1432 inches of display automobile advertising (and of all classes 1973 columns).

The two morning antagonists (not competitors) of The Times, combined, printed 603 inches, The Times alone printing nearly two and one-half times more than the aggregate of both the other morning papers, the evening papers not carrying anything worthy of mention.

Automobile dealers have come to the conclusion that newspaper advertising is a cold-blooded business proposition and that even columns of free "write-ups" that are usually promised them in connection with their advertising in other newspapers, do not bring them returns if not placed in the right medium, hence the enormous lead of The Times in this class of business over all other Los Angeles newspapers.

A Well-Known Minister

M. M. ESHELMAN, Lomita, Cal., writes to our manager as follows:

Dear Sir: For more than 20 years I suffered from chronic nasal catarrh. In that time many remedies, none of which, but few gave relief. Finally I tried until the time I met you, with you, which was the part of June, I suffered a great many nights passed in sleep and pain day and night, and was in a serious condition, to myself. Your first treatment cured the pain, and I very much appreciate what seems a very good condition. I have scarcely a day or night, eat heartily, and work like a young man, am 63 years of age.

I give you this voluntary as best slight token of my appreciation. I regard you as a factor, as I am really a new man as far as health is concerned. I am a minister in the Methodist Church, preach the first in each month at Tropico, and the remainder of time in work and in colonizing in Los Angeles northwest from San Francisco.

Very truly yours,
M. M. ESHELMAN.

INDEPENDENCE.

NORTH SIDERS TO "GO IT ALONE."

HAVE PLAN FOR BUILDING ROAD WITHOUT BONDS.

Since Pacific Electric Won't Help Them, They Propose to Establish Line by Raising Property Owners' Committee at Work—Y.M.C.A. Evening Classes in Pasadena.

Office of the Times, No. 218, Raymond Ave., Pasadena, Jan. 5.—Undoubtedly by hard work, residents of North Pasadena propose to build an important street railroad without such adjuncts as bonds. This plan, if successful, will be of interest everywhere. President A. J. Toole, president of the committee, has the following committee to begin the work: John McDonald, C. E. Chapman, Gowan D. Francis, James Mimmick, Byron Lisk, Gowan D. Francis, William B. Burt, F. M. Schenck and Henry Waterman.

Here is an outline of the scheme and the reasons for its inception. For years the people of the north side have been petitioning the Pacific Electric for a line. They have offered big bonuses for one car and a carfare. They have refused the accommodation they desire. Three months ago they were notified by the railroad people that no consideration would be given to their project until the financial snarl had been unraveled. Saturday night they held a meeting and determined to "go it alone." They figured that a strip of property half a mile wide and four miles long, assessed at the rate of \$25 an acre, would pay for the building of the line, and for the equipment of cars and electric supplies. Whether this is true remains to be seen. This territory contains 1550 acres, which, at \$25 an acre, will give a fund of \$38,750. The territory is bounded by the Pacific Electric line, along Lincoln avenue and the river, to the mouth of Millard Canyon.

Today the committee will rally forth to sound property owners. The territory has been divided among members of the committee as follows: Section 1, including the territory north of and around Orange Grove avenue, is in charge of John McDonald; section 2, C. E. Chapman; section 3, F. M. Schenck; section 4, Henry Waterman; section 5, Byron Lisk; section 6, Gowan D. Francis; section 7, William B. Burt; section 8, A. J. Toole; and section 9, James Mimmick.

When enough verbal promises have been secured, the association will incorporate and take out city and county charters. Then it will obtain legal agreements to subdivide the territory of five 110 shares an acre, payable as the funds may be needed.

It is intended to guard against the absorption of the stock by big corporations by providing that no transfer shall be valid unless the certificate has been first offered to the association for purchase, and that such purchases, if any, shall be sold to the other certificate holders or returned to the treasury.

It is proposed not only to build four miles of street railway, install an electric plant and run a line, but also to establish a power plant on the government reserve in the mountains, where 50 miles of water have been delivered to turbine wheels for six or eight months in the year. Power will be purchased from one of the big electric companies now operating in this section for the remaining months.

The promoters of this scheme figure that there are 500 families in the area that would be served by the proposed road, and that each of these will contribute an average of \$2 a year in fares. This would make an income the first year of \$40,000.

GOOD BASEBALL GAME.

In a good game yesterday at the Raymundo grounds, the Pasadena team achieved another victory, this time over the Hoegoes by the score of 5 to 6. The batteries were Muralah and Leahy for the Hoegoes and Gamble and Snodgrass for the Pasadena. The game was a close one, with the Pasadena leading through costly errors of Gamble, who, in the fifth inning, went wild and sent three men to base at a critical moment. The Hoegoes made nine hits and Pasadena only eight, but the former's hits were better.

Y. M. C. A. SCHOOLS.

Much interest is felt in the mid-year sessions of the Y.M.C.A. evening institute, which begin January 10. Among the classes will be one in salesmanship, taught by Prof. L. P. Lincoln; bookkeeping, penmanship and business correspondence, under Prof. G. F. Felker; architectural and mechanical drawing, under E. A. Peterson; and shorthand, business arithmetic and Spanish.

TIMELY PERSONALS.

Among recently registered guests at the Hotel Maryland are Mrs. W. S. Cheesman, Miss Cheesman, Mr. and Mrs. George F. Sanger and Miss Alina Sanger, all of Denver. Charles W. Emery, former treasurer of the American Tobacco Company, and his physician, Dr. Richard P. Gray will spend some months at the Hotel Maryland.

Mr. Emery built the Fontaine at the Thousand Islands.

Other arrivals are Mrs. W. F. Bingham, Miss Bingham and Miss Margaret Bingham, of Dubuque; Mrs. Charles O'Hara and Miss O'Hara of Chicago; Glenn Leithart, of Cleveland; J. J. Wilson and wife and R. M. Jones, of Goldfield; Mr. and Mrs. J. Longear and Robert Longear of Minneapolis; Harry Huntington of San Diego; Dr. Correll and wife of New York; O. R. Degelman and wife of Dawson, Pa.; Mrs. Charika Pierce of Los Angeles; Rev. A. Niva White and wife of Mananino, B. C. and Dr. and Mrs. Carl Williams of Detroit.

Among guests at the Hotel Green are Maj. Frank Greene and family. The major is a noted officer who has traveled all over the world on military duties. He was in South Africa and Japan and made three special trips to the Philippines. He is the fourth best revolver shot in the American army.

Others at this hotel are Mr. and Mrs. C. P. Farley of Philadelphia, who will sail on Tuesday next on the Manchuria for Japan.

Dr. A. C. West, who has for a long time been the personal physician of the late Gen. G. G. Green, will return to his home in Woodbury, N. J., to resume private practice.

Kelth Spalding has returned to his home in Alameda and has given up his quarters at the Green.

Charles B. Moore and S. Herbert Anderson, professors of Occidental College, are in the mountains on a walking trip. They started Friday for their homes in Highland Park and yesterday made the trip across the crest of the mountains from Mt. Lowe to the tavern on Mt. Wilson in 2 1/2 minutes.

BRUIERS.

ROBBERS LEAVE HIM SENSELESS.

MONROVIA CONTRACTOR VICTIM OF HIGHWAYMEN.

Is Assaulted While on Way Home from Arcadia—Cut to Ribbons by Thieves After He Offers Resistance—Burglars Busy in Bakery—Baptists' Banquet.

MONROVIA, Jan. 5.—J. J. Spencer, while walking from Arcadia to his home in this city Saturday evening, was assaulted by two footpads, robbed and left unconscious beside the electric railway track. He is a man of excellent character and habits and a member of the Monrovia building firm of Spencer & Cascard. When he was taken to the hospital he was found to have a bill of \$25 for carpenter work and missing the eastbound 6:30 o'clock car, thought he could save time by walking home. He had just crossed the Pacific Electric bridge over the Santa Anita when two men sprang from the shadow of the abutment and cut to ribbons his resistance. The command "throw up your hands" was obeyed.

Having a considerable sum besides the amount collected, he determined to resist. One of his assailants drew a knife and in a moment Spencer's coat was cut to ribbons and he was wounded except for a scratch on his chest and a light gash in his back. He was overpowered and pounded into insensibility. After a half hour he slowly recovered consciousness and made his way to Monrovia. Mr. Spencer is unable to give more than a faint description of the men as he was too dark to see their faces. He believes they were both white.

BURGERS BUSY.

H. E. Fork's bakery was broken into last night but the thieves secured no booty except some small change from the cash drawer. Entrance was forced by breaking the glass in a rear door. Since the opening of the Arcadia race track there have been numerous attempted robberies and hold-ups and there is a feeling of insecurity and distrust of strangers such as has never before been experienced here.

BAPTISTS AT BANQUET.

The annual banquet of the First Baptist Church was held in Odd Fellows Hall last evening. Covers were laid for 175. Flaming poinsettias and similar were the basis of the floral decorations which were unusually beautiful. The color scheme of red and green was also carried out in the lighting.

The occasion was doubly significant since it was in effect a farewell to Rev. H. Russell Greaves who has been pastor for four years, but has resigned to accept the secretaryship of the California Baptist Association. In behalf of the congregation W. C. Badesau presented Rev. Mr. Greaves with a handsome electric reading lamp.

POSTOFFICE IMPROVEMENTS.

The rapid growth in volume of post-office business has compelled increased facilities and arrangements are being made so that business can be transacted throughout the day. Eastbound trains are scheduled to arrive at the post office at the same time and the intervals for distribution, during which the office is closed, have been reduced. The alterations in progress will remove the cause of complaint.

EMPLOY NO ORIENTALS.

The Duarte-Monrovia Fruit Exchange has organized and placed in the field the picking crews which are to harvest the crop of the season. The exchange is expected to employ the present number of men employed will be doubled. No orientals are employed in the district except by the seasonal independent growers. Hereafter it has been asserted that Japanese pickers gave better satisfaction than those because of their greater energy, but the exchange committee is determined to give white men a fair test before calling upon the Asiatics.

AFTERNOON CLUB MEETS.

The Saturday Afternoon Club, which includes as its membership over 100 of the progressive women of the city, held its opening session for 1908, yesterday. After the business meeting Mrs. B. M. Blythe presided by Mrs. E. C. Uhl. Mrs. A. Chene, Mrs. Horace Bonaman and Miss Combs were hosts at a brilliant reception. An informal musical and eulogical program was rendered.

MONROVIA JOTE.

The Duarte Mutual Irrigation and Canal Company, which supplies the greater part of the Duarte district with water and owns three-fourths of the flow of the San Gabriel River, held its annual meeting yesterday at the Duarte schoolhouse. The board of directors consisted of the following: J. J. Wilson and wife and R. M. Jones, of Goldfield; Mr. and Mrs. J. Longear and Robert Longear of Minneapolis; Harry Huntington of San Diego; Dr. Correll and wife of New York; O. R. Degelman and wife of Dawson, Pa.; Mrs. Charika Pierce of Los Angeles; Rev. A. Niva White and wife of Mananino, B. C. and Dr. and Mrs. Carl Williams of Detroit.

REDONDO.

REDONDO, Jan. 5.—Not fewer than 1500 people visited this city today from interior points. The weather was mild, the water warm and the sky as clear as a day in summer. The result was an unusual crowd at the beach, at least for a January day; and the scene along the water front this afternoon, with a hundred or more bathers in the sea, and several hundred scattered along the beach, produced the impression of a day in June rather than one in January. About 4 o'clock this afternoon a large school of porpoises was sighted off pier No. 2. The smallest estimate would place the number of the playful fish in the school at about a thousand. They appeared in a fully a half-mile long, extending off shore and this line passed back and forth along the shore two or three times, the fish leaping and rambling until the water throughout the entire length of the fishing palanx was churned into foam. It was an interesting sight and one that was made on the visitors from the interior was not the least interesting feature of the spectacle.

GOES UP.

LONG BEACH NOW HIGHER CLASS.

NEW ADMINISTRATION WILL ORGANIZE TODAY.

Old Sixth-class Government Under Which the Town Has Risen from a Hamlet to the Third City in the County Passes Out of Existence—Bunch Workers Operating.

LONG BEACH, Jan. 5.—At midnight tonight, legally, the old sixth class government under which Long Beach has risen from a hamlet to the third city in the county, passes into history and the provisions of the special charter granted a year ago by the Legislature become effective. The present government, however, will continue in control for convenience sake until 9 o'clock Monday morning, although all of the new officers-elect have qualified and taken the oath of office.

At 9 o'clock Monday morning the present city Board of Trustees will meet and formally escort the members of the new City Council to their seats. The new Councilmen are Charles McGraw, J. H. Robinson, H. S. Callahan, E. J. Bond, Charles H. Windham, C. A. Lewis and E. W. Hogg. They will organize and elect F. W. Stearns as president of the board. The first Mayor in the city, Charles H. Windham, will submit to the Council the name of his Board of Public Works, Civil Service Commission, police commission and fire commission.

The ordinances of the old city being still in effect, the regular meetings of the board will continue until Tuesday afternoon, so no attempt at legislation will be made Monday morning. The board will make temporary appointments of subordinate officials to be effective until the various commissions are organized and the Council can pass ordinances creating their positions and fixing salaries. Six of these ordinances are ready for the signature of the Mayor and will become laws until a week later.

Following the adjournment of the new council it is proposed to hold a reception to the new council members on the occasion of a jollification meeting. In the afternoon all the boards will probably organize except that of the public works, whose members must first secure a bond of approval by the Council.

With reference to the personnel of the Mayor's various boards, secrecy has been maintained and the naming of them will be a surprise and shock to the public. The Mayor is expected to feignly would be rewarded. Mayor Windham's only comment on the situation is that "in making my selections I have followed the principle of selecting men in whom I can trust without resort to political opinions."

SEASHORE NEWS NOTES.

Alex. Duncan, the 15-year-old son of S. H. Duncan, manager of the California Colonization Company of Los Angeles, tired of his father's efforts to keep him in school and left his home in Boyle Heights Thursday morning to go to the beach to find an aunt. He was picked up last night by Officer Hendricks and confessing he had had no money, he was taken to the police station and then given a bed in the jail balcony. His father came after him to find that he had been overjoyed at being taken home.

Tuesday morning the workers of the Friends churches throughout the county are expected to be in this city in the interest of Evangelism and more efficient church effort. A program has been prepared. On Wednesday, the 11th, the members of the church of Alhambra and Prof. Thomas J. Taylor of Los Angeles will speak on "Evangelism." Wednesday will be addressed by George Taylor, of Alhambra, and Prof. Thomas J. Taylor of Los Angeles. Thursday, the 12th, the members of the church of Los Angeles will speak on "The Gospel of the Kingdom." Friday, the 13th, the members of the church of Los Angeles will speak on "The Character of Sunday Services." L. Maria Dean, Long Beach, will speak on Sunday, Thursday, night will be in charge of the service, Pasadena.

One of the finest efforts of the reorganization of the city, which is being carried out by the city board, is the plan to clear out the gang of bunco workers who are said to be operating at West Long Beach. The plan is to clear out the bunco workers and to replace them by capers and invigilators in a dice game along with the bunco workers.

While looking over a number of franchises in the city, a local real estate man ran across the franchise for the Los Angeles and Terminal Railway Company for its Ocean view track, in Long Beach. The franchise provides that whenever the city of Long Beach demands it, the railway company must build a board fence along the beach about 100 feet from the water, and the city may use the fence for a promenade.

Three members of the family of City Attorney-elect A. G. Long, who were taken ill on New Year's Day with griping, are now in the hospital. The griping is said to be due to the fact that the family of Long is said to be suffering from the same ailment. The family of Long is said to be suffering from the same ailment. The family of Long is said to be suffering from the same ailment.

Capt. Billy Graves, while out with his launch today, ran close to a school of several hundred porpoises, about fifteen miles off shore. They were in sportive mood and the captain forgot all about fishing and spent the forenoon watching them.

In December there were only sixteen arrests by the police. There were thirteen convictions and 10 in local jails. The twenty months of J. J. Hart's service as City Recorder has collected \$4982.60 in fines.

The erection of a huge traveling crane began yesterday at the Craig ship plant. It will be entirely of steel, twenty-five feet high and ninety feet long. The crane is to be used in unloading heavy material from cars and distributing them to any part of the ship plant or dock. It will be operated by electricity.

Rev. Charles Pease today preached his last sermon as pastor of the First Congregational Church. He retired from active work in the ministry, with the intention of devoting his time to study, to literature and research. Rev. Pease has been pastor of the congregation for nearly eight years and only a year ago was elected permanent pastor.

One-fourth of the fifty-five foot pilings necessary have been driven in place.

"A" of the Salt Lake drawbridge over San Gabriel River and the contractors expect to begin pouring concrete within ten days. Pier A is the smallest of the three piers of the big bridge and will require 1775 yards of concrete. The excavation for pier B is progressing rapidly.

The December report of the city library shows the largest circulation of books in the history of the institution. Last month 445 patrons daily. Of the circulation \$10 were volumes of fiction. The library contains 1,710 volumes. At the last meeting of the library board it was decided to abolish the tourist charge of 25 cents monthly dues and visitors will hereafter have the same free privileges as residents. Prof. George L. Leslie, professor of science at the Los Angeles Polytechnic High School, will address the Long Beach Medical Society, Tuesday evening at Elbel Clubhouse on the need of anthropometric examination in the public schools.

LEAGUE IN POLITICS.

Ocean Park Organization Tells What It Stands for in the City Government.

OCEAN PARK, Jan. 5.—The recently organized Good Government League has adopted a platform of principles, and promises to take a lively interest in the approaching municipal campaign. This league announces itself as having been organized for the purpose of nominating and supporting suitable men to fill the city offices and pledges itself to stand for cardinal principles including sanitation, safety, improved streets and sidewalks, good schools and an efficient facility, better railway transportation, and the improvement of the city. The league is composed of a number of home industries, boulevard to Los Angeles as adjuncts to future growth. The league is composed of a number of home industries, boulevard to Los Angeles as adjuncts to future growth. The league is composed of a number of home industries, boulevard to Los Angeles as adjuncts to future growth.

It is with fear and trembling that Ocean Park receives the news of the establishment of a free mail delivery system in Santa Monica. The people here know the post department is like a cancer in the city, and the establishment of a free mail delivery system in Santa Monica is a blow to the city government.

It was stated on the street today that the recommendation of Postmaster Inspector Stewart would be for the consolidation of the two offices with the Ocean Park office as a sub-station of Santa Monica. The reason for this recommendation was that the two offices were doing the same work and that it was impossible to learn what truth there might be, if the two offices were consolidated.

Ocean Park people say they do not want to become a sub-station, and will vigorously oppose any action pointing in that direction. They say they will resist it and will appeal to their friends in Washington to save them from what they regard as the ill-effects of becoming a part of the tail to Santa Monica's kite.

TALK FIRE PROTECTION.

Recent Burnings in Santa Monica Demonstrate Need of Doing Something.

SANTA MONICA, Jan. 5.—Aside from having been expensive and disastrous, the two recent fires have demonstrated the utter insufficiency of the city's fire department to cope successfully with a big blaze.

Members of the department, property owners and the Councilmen are not agreed as to the best means of procedure. When the pavilion burned the water supply was inadequate. The use of hose was of but little utility; and the same thing was true of the Washington schoolhouse fire a few days ago. The fire department is not equipped with the fire departments of both cities were expected to be in the city. The fire department is not equipped with the fire departments of both cities were expected to be in the city.

Some members of the fire department are advocating the installation of steam fire engines; but this would require the purchase of a new engine. FIRE IN CHURCH.

The Santa Monica Methodist Church narrowly missed destruction by fire tonight. Smoke pouring out of an upper room in the older part of the structure caused an investigation, and the flames were quickly quenched. The conditions found led to the belief that some boys had started a fire of papers, but the cause of the fire was not determined. The building was erected in 1894 and was a gift of the late Frederick W. Hinkley.

SANTA MONICA NOTES.

The executive board will tomorrow afternoon tender a reception to the members of the Women's Club. Each member will be privileged to invite one friend. An entertaining program will be prepared.

Miss Margery Stallcup of Tacoma has been passing a few days with friends by the sea.

Mrs. Preston Smith of Memphis, Tenn., is a guest of Mrs. L. Hancock of Ocean avenue.

Miss Avis Ems of San Luis Obispo has been spending a few days as the guest of Miss Muriel Taft.

POMONA.

POMONA, Jan. 5.—Pomona Lodge, F. and A.M., installed the newly-elected officers last night: W. A. Lewis, Master; J. A. Vandenberg, Senior Warden; J. A. Ludden, Junior Warden; T. Moon, Secretary; Charles M. Stone, Treasurer. After the ceremonies a banquet was served and toasts were responded to. President John F. Hughes of the Southern California Masonic lodge was the guest of honor.

At the session of the Pomona Women's Club to be held tomorrow afternoon at the Pomona Hall, the Union Block, Mrs. Louise P. Frary of Long Beach and Mrs. Harriet A. Mitchell of this city, will address the club upon the delights of a journey from Seattle to Dawson.

Irwin W. Brink, who is in the fruit business in San Francisco and who lives in Berkeley, is here visiting his father-in-law, P. J. Dreher.

Rev. M. D. Clubb, the new Christian Church pastor, preached his first sermon here today.

AFTER-HOLIDAY RUSH IS ON.

COMING OF TOURISTS FILLS THE HOTELS HERE.

Reservations in the Local Hotels, Canceled Before Christmas, Are Renewed and Managers Are Confident That This Season's Business Will Not Fall Short of Last.

One of the surest indications of the rapid disappearance of any apprehension over the short-lived financial flurry, is the sudden influx of tourists from the East. Every large hotel in the city reports better business since Christmas and the managers are confident that this season will not fall short of last winter.

In the fall months, cancellations of reservations discouraged the hotel men, but within the past few weeks, many easterners who had written that they would not visit the State, in the season of 1908, have countermanded their instructions and are now anxiously telegraphing for accommodations. The fact that the great fleet of battleships will anchor in nearby ports and probably make a tour of the overland trip. Thousands of wealthy tourists have become so accustomed to their annual last-westward trip that they cannot resist the temptation to come to the city. The fame of the Los Angeles hotels has gone abroad and many globe-trotters who formerly rarely visited this section are now including it in their itinerary.

"We are receiving many inquiries regarding rates and accommodations," says the manager of the Hotel California, last night. "Many cancellations have been countermanded and from present indications we will have a very busy season. No matter what may have been the financial condition in the East, the fact remains that all who can are eager to escape from the country of blizzards and driving snow. Southern California was never advertised as it is today. The city has more attractions to offer, its hotels are more comfortable, its climate is more agreeable in short we have the climate, scenery and everything that goes to make up a holiday pleasure resort."

A favorable indication is the large number of past patrons who are arriving here," remarked Clerk Clark Tuttle, of the city clerk's office. "During the first of the year, we have registered scores of our former guests. While this will not be an unusual season, I expect that it will fully come up to last year's record."

Chief Clerk Lahn of the Lankershim states that the list of arrivals is good and what is more important, the list of departures is small. "Permanent guests help out far more than transients," he said. "Some hotels cater to over-night guests, but several places in this city are regarded as winter resorts. We are welcoming many persons who expect to remain until spring."

Van Nuys entertainers, many wealthy tourists, season after season. If one could review the guest books of previous years, it would find many familiar names. "After the year," said Clerk Stanley, "we have a good one." "We have a good one," said Clerk Stanley, "we have a good one."

At the Westminster, the recent arrivals include families who have wintered in this city for the past ten years. The Hotel California is full of guests who have all remarked upon the sudden increase in the number of easterners. "We have a good one," said Clerk Stanley, "we have a good one."

Manager Touley of the King Edward says that he has no cause for complaint. He is not only entertaining more guests every year, but the arrivals include new faces, showing that the hotel is being advertised extensively. "It is always encouraging when one sees strangers coming here," said Touley, "and we are glad to see them. We have a good one," said Clerk Stanley, "we have a good one."

The Hayward is practically full of guests. The hotel is a good one. The Hayward is practically full of guests. The hotel is a good one. The Hayward is practically full of guests. The hotel is a good one. The Hayward is practically full of guests. The hotel is a good one.

DESERTION THE GROUNDS.

Gen. M. H. Sherman Granted a Divorce—Case Not Contested and no Charges Made.

Gen. M. H. Sherman was granted a divorce in Department 7 of the Superior Court Saturday. The divorce was in the nature of a mutual agreement and the parties generally attended divorce cases. That a decree has been secured will not surprise the intimate friends of the family as the parties have practically been separated for years. The wife resided not in Los Angeles, but in Northern California, while the husband has made his home here. The divorce was granted on the grounds of desertion. R. P. Sherman, the son, said last night:

"My father and mother will not discuss this subject, but I am authorized to say that no new condition has been brought about by this action, except that it is now a legal separation. There is no ill-feeling in the family nor between my father and mother. My mother declined to reside in the north, where my mother's parents have lived for many years, while my father's business affairs have demanded his constant presence in this city. My father and mother will be friends for life."

The Times learned on ample authority that there were no charges on either side, and the fact that the husband secured the divorce proves this. The decree was granted on the technical grounds of desertion.

PERFECT CURES

Our Fees Are Reasonable. You Can Pay When Cured. All
Medicines Furnished Free. For a Short Time Only We
Will Cure Any Simple, Uncomplicated Case Free.

OUR CURE FOR "WEAKNESS"

Functional weakness, associated with loss of
power and premature, is usually sympto-
matic of some abnormal local condition in
some vital point in the pelvic region. Congestion,
inflammation and enlargement of the prostate
gland, stricture, varicocele, hydrocele, ruptured
testes or impotency treated causes of con-
stitutional disorders are the most common causes
of sexual weakness. To attempt to cure weakness
by stomach drugging or by wearing electric belts
is just as sensible as it would be to wear a set
of harness to cure corns on the feet.

Our treatment is entirely local. We first as-
certain and then remove the cause, and there is
invariably a speedy return of functional activity.

Our Cure for Varicocele
No case of varicocele ever was or ever can
be cured without an operation, notwith-
standing the various, bombastic statements
of would-be specialists to the contrary.
Thousands of patients have been cured of
varicocele without operation and detention
from work, and have fast. Our opera-
tion is painless, devoid of danger and only
momentarily halts off from your work.

Stricture
This trouble we treat successfully by our
improved method, which never fails to
bring about a cure. Electricity or electric
treatment is not only useless, but is
injurious to the system. When you employ either, you throw your
money away. Call and let us explain the
nature of the trouble and how you can be
permanently cured.

Specific Blood Poison
Our treatment for this loathsome disease
is mild, thoroughly effective and curative,
eradicating every particle of virus and
preventing its return. It is the most
celebrated specialist of Los Angeles.
If you cannot call for free consultation
and friendly advice, write for literature.

Contracted Disorders
A prompt and thorough cure is essential
in order to prevent painful and dangerous
complications which may involve irrepar-
able injury to the system. Every
particle of infection must be thoroughly
eradicated.

Diseases of MEN

Cured So They
Stay Cured
My Fee Is Only
\$10.00
In Any Uncomplicated Case

I have taken up these ailments especially because
thousands of lives are ruined and thousands
of men are suffering from diseases which are
not cured by medicine, but which are
caused by chronic weakness, which the
average practicing physician is not
usually tries to make light of by telling the
patient that nature will soon repair the waste.
But the disease is not cured, and the patient
suffers from the body and both the mental and
physical structure of the body collapse.

A great many people do not seem to understand the difference between the
regular practitioner and the medical expert who has devoted his life study to
just three or four complicated diseases. They seem to be under the impression
that the medical expert is a quack, and that the regular practitioner is a
quack. This is a mistake. The medical expert is a man who has devoted his
life to the study of these diseases, and who has found out the true cause of
them, and who has found out the true cure of them. The regular practitioner
is a man who has devoted his life to the study of these diseases, and who has
found out the true cause of them, and who has found out the true cure of them.

Varicocele
An average of one man in five has
varicocele. Most men who have this
disease, however, are not aware of it until it
has reached a stage where it is causing
trouble. Varicocele causes congestion of
the blood in some of the most vital
blood vessels of the body. It causes a
dull, heavy, listless feeling which is
often mistaken for nervous debility
or general decline of power.

"Weakness"
My cures for this disorder are permanent
and lasting. No tonic that
stimulate temporarily, but thoroughly
scientific treatment for the removal
of conditions responsible for the func-
tional weakness. It is an everyday
merely a symptom of inflammation or
congestion in the prostate gland, and
under original local treatment this
gland is promptly restored to its
normal state and complete
functional activity is the lasting re-
sult.

By my special methods such ailments as Lost Vigor, Varicocele, Hydrocele,
Contracted Disorders, Chronic Prostatitis, Polymyositis, "Weakness" can be
cured perfectly—no as to stay cured.

MY HONEST AND CALULATED ADVICE COSTS YOU NOTHING. I cheerfully
give you the very best opinion, guided by years of successful practice. Men
of low, in trouble, write if you cannot call, as many cases yield readily
to proper home treatment and cure.

Nervous Indigestion

The action of diges-
tion is controlled by
nerves leading to the
stomach. When they are
weak, the stomach is de-
prived of its energy. It
has no power to do its
work. If you want per-
manent relief, you must
restore this energy. Dr.
Miles' Nerve restores
nervous energy, and gives
the organs power to per-
form their functions.

"For many years I was an acute
sufferer from nervous indigestion; at
times I was so despondent that I
was almost a burden. I tried all kinds of
remedies and various physicians with
little or no result. One day, in the
summer I saw Dr. Miles' Nerve and
immediately purchased a bottle. It
made one more trial which I did in
the purchase of one bottle of Nerve.
"After three days' use, I was cured."
I can feel better, which encour-
aged me to continue. I continued the
medicine until I had taken more than
a dozen bottles. I am very much im-
proved in every way in body, mind
and spirits since. I make a special
point to recommend this medicine, and
I feel a sincere pleasure in knowing
that several persons have been cured
of their nervous indigestion by using
Dr. Miles' Nerve.

THE CITY IN BRIEF

Now for the Hen Show!

NEWS AND BUSINESS.

Dances.

The annual banquet of the Delta Kappa Epsilon Association was held at the Alexandria, Saturday night. Covers were laid for fifty.

Masquerade Ball.

Members of the order of Brith Abraham enjoyed a masquerade ball at Turner Hall last night. Twenty-five prizes, among them a book by Victor Harris, "The Jews in Modern Mexico," were distributed. Refreshments were served.

Big Revolver.

Roy E. Nelson, who rooms in a South Broadway lodging house, was arrested on Broadway and Second streets yesterday afternoon on a charge of carrying a concealed weapon. When searched at Central Station, Nelson was carrying a big revolver which he said he needed to protect himself.

Unconscious on Street.

Edward Deal, of No. 5824 West Sixth street, fell on the street at West and Broadway yesterday afternoon, and when picked up was unconscious. He was taken to a hospital at 8 p.m. where he quickly recovered. Deal told the attendants that he is an evangelist, and said he is subject to fainting fits.

Makew Benevolent Society.

At a meeting of the Hebrew Benevolent Society, held in the vestry room of First Temple last night, the following officers were elected for the coming year: Isaac Norton, president; Henry Klein, vice-president; Max N. Newman, treasurer; Victor Harris, secretary; Dr. H. H. Klein and A. J. Shapiro, are the directors.

Improvement Association Meeting.

The Sunset Boulevard Improvement Association will hold a meeting this evening in the Methodist Episcopal Church, South, on Sunset boulevard, opposite Custer street. The meeting will be called to order at 8 p.m. All owners of property in the northwestern district are requested to be present as important matters will be discussed.

Election Officers.

Officers and directors of the Kaspar Kohn Historical Association were elected last night at a meeting held at First Temple. The result is as follows: M. N. Newman, president; B. Kingsbaker, vice-president; L. Isaacs, treasurer; A. Zeller, secretary. The following are the directors: J. Jonas, G. March, S. Hecht, B. Meyer, Joseph Miller and L. Goldberg.

Chamber of Commerce Election.

The annual election of the officers and directors of the Chamber of Commerce will be held Wednesday. The polls will be open from 9 a.m. until 5 p.m. Every member of the Chamber, whether individual, firm or corporation, is entitled to one vote unless the membership dues are four months in arrears. Voting by proxy is not allowed. The official ballot contains the nominees selected at last week's meeting of the board of directors.

Prohibition Union Officers.

The Los Angeles Prohibition Union last evening at its annual election of officers made the following choices: President, Fred F. Wheeler; vice-president, B. E. Oswald; secretary, C. J. Hall; treasurer, L. C. Hale. Ray C. Elwood Nash is to speak under the auspices of the union next Sunday evening at Mammoth Hall. The union is working with a view to securing a vote within a few months or a year on the question of prohibition for Los Angeles city.

To Labor in Other Fields.

The recent resignation of B. Fay Mills from the permanent pastorate of the Los Angeles Fellowship, according to a statement issued by the officers of that organization, does not mean that he has severed his connection with it. Mr. Mills proposes to extend his labors to other fields. He will reënter the evangelistic field and his work (herein) will necessitate his absence from the city from time to time, although he will still retain his residence here. During the time that he is away, the work here will be conducted by his associates.

Motor Thief Busy.

While Hugh McDowell was attending services at the First Congregational Church, last night, a daring thief made away with his motor car, which he had left in front of the building. The parking lever was fastened with a padlock, and in order to start the car it was necessary to break the lock. The car was a "Tourist," with the number 158 California. On the steering wheel is the firm number, 1008. The car is a Brewster green in color—almost black—is a two-cylinder machine and seats five passengers. It has no top.

SCHOOL TEACHER PASSES.

Bereaved Husband Declares His Wife Died as Result of Vaccination Eight Years Ago.

Mrs. Alice Ottarson, for six years a teacher in the Custer-street school, died at her home, No. 425 Temple street last night. E. F. G. Ottarson, the bereaved husband, declares his wife died as the result of being vaccinated eight years ago, while a teacher in the city schools. Ottarson says the effect of the virus was never overcome, and he attributes the death of his wife to the fact that she was vaccinated just before she gave up school teaching.

Up to the time of her marriage Mrs. Ottarson was one of the well-known city school teachers. She came to Los Angeles from New York where she had spent the greater part of her life as a teacher. She was aged 54 years, and was born in Barnardville, N. J.

Thirteen years ago Mrs. Ottarson came to Los Angeles and accepted a position in the schools. She was not transferred from the Custer-street school during her six years of service. She made many warm friends during that time and was well beloved and popular among her pupils.

Funeral services will be held at 10:30 a.m. Monday, at the First United Presbyterian Church, Ninth and Pershing streets. Burial will be in the Hollywood cemetery.

WE GIVE CREDIT

This Week

A little cash and then a small payment each week or each month will soon pay for the furnishings of your home. Our credit system is based on liberal principles—it's simple, safe and satisfactory. Many of the very best families in Los Angeles take advantage of it. Don't hesitate to ask for credit if you want it. Don't deny yourself the pleasure of a comfortably furnished home because you can't pay cash for everything. You pay no more here when you buy on time than you pay for spot cash elsewhere. Before buying a single piece of new furniture investigate values—Just over the line from high rents and high prices. WE CAN SAVE YOU MONEY ON FURNITURE, CARPETS, RUGS, DRAPRIES AND EVERYTHING FOR THE HOME.

Home Comforts on Easy Payments

This Week This Week

\$15 \$8.75

This handsome solid oak pedestal dining table for only \$15 this week instead of the regular price, \$18.50. Made of carefully selected material, substantially made and smoothly finished throughout. Has 42-inch round top extending to six feet.

Large comfortable mission rocker, like illustration at right—regular price \$11.75, this week \$8.75. It is made of polished quarter sawed oak with Spanish leather seat and back.
